

Plastic Surgery SAC Indicative Groups

* codes which appear under multiple SAC group headings

codes which are now obsolete

Operation group name	Op Code
<p>Dupuytren's</p>	<p>Dermofasciectomy For Dupuytren's Fasciectomy For Dupuytren's Fasciotomy For Dupuytren's Multiple digits - Arthrolysis multiple digits Multiple digits - Dermofasciectomy multiple digits Multiple digits - Fasciectomy multiple digits Multiple digits - Fasciotomy multiple digits Multiple digits - Other mutiple digit procedure for Dupuytren's Multiple digits - Revision fasciectomy multiple digits Multiple digits - Selective fasciectomy multiple digits Palm only - Dermofasciectomy palm Palm only - Fasciectomy palm Palm only - Fasciotomy palm Palm only - Revision fasciectomy palm Palm only - Selective fasciectomy palm Single digit - Arthrolysis single digit Single digit - Dermofasciectomy single digit Single digit - Fasciectomy single digit Single digit - Fasciotomy single digit Single digit - Other single digit procedure for Dupuytren's Single digit - Revision fasciectomy single digit Single digit - Selective fasciectomy single digit Unspecified Dupuytren's procedure</p>
<p>Lymph node dissection</p>	<p>Axilla - Axillary lymphadenectomy Axillary Clearance Axillary lymphadenectomy H&N - Modified radical neck dissection H&N - Radical neck dissection H&N - Selective neck dissection Levels I-III (supraomohyoid) H&N - Selective neck dissection Levels II-IV (lateral) H&N - Selective neck dissection Levels I-IV (anterolateral) H&N - Selective neck dissection Levels II-V (posterolateral) Ileoinguinal - Ilioinguinal lymphadenectomy Ileoinguinal lymphadenectomy Inguinal - Inguinal lymphadenectomy Inguinal Clearance Inguinal lymphadenectomy Modified radical neck dissection Neck Dissection Neck dissection Pelvic - Pelvic lymphadenectomy Pelvic lymphadenectomy Radical neck dissection Selective neck dissection Levels I-III (supraomohyoid) Selective neck dissection Levels II-IV (lateral) Selective neck dissection Levels I-IV (anterolateral) Selective neck dissection Levels II-V (posterolateral) Unspecified selective neck dissection</p>

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
Burns resuscitation	Resuscitate burn 10% - 19% Resuscitate burn 20% - 49% Resuscitate burn greater than 50% Resuscitation of Burn
Zone 1-2 flexor tendon repair	Flexor - Zone 1/2 - Primary repair multiple digits flexor tendon zones 1-2 Flexor - Zone 1/2 - Primary repair single digit flexor tendon zones 1-2
Cleft surgery	Alveolar bone graft from hip Alveolar bone graft from tibia Alveolar Bone Grafting Buccinator flap for palatal fistula Cleft Rhinoplasty Closed cleft rhinoplasty Columella lengthening Definitive lip repair Dental extraction Dental impression Direct repair of palatal fistula Distraction of mandible Distraction of maxilla Excision lip lesion Famm flap for palatal fistula Furlow palatoplasty Furlow palatoplasty Hard palate repair Honig repair Insertion of NPA Insertion of ventilation tubes Lip adhesion Lip Adhesion Lip repair with nasal tip dissection Lip repair with SP repair Lip repair with vomer flap Local flap for palatal fistula Major full redo of lip Midline flap procedure for speech Minor lip revision involving mucosa Minor lip revision involving muscle Minor lip revision involving skin Minor lip revision involving vermilion Moore's pharyngoplasty Nasal grafting Nasal osteotomies for cleft Nasal tip surgery for cleft Nasendoscopy Open cleft rhinoplasty Orticochoea Osteotomy of mandible Osteotomy of maxilla Other dental procedure Other ear surgery Other fistula repair technique Other lip procedure

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
<p>Cleft surgery (cont)</p>	<p>Other palate repair Other procedure for speech Palatal videofluoroscopy Placement of implants Primary Repair Bilateral Cleft Lip Primary Repair Cleft Palate Primary Repair Unilateral Cleft Lip Removal of sutures under GA Repair of palatal fistula with interpositional graft Re-repair palate Restorative dental procedure Return to theatre for haemostasis Secondary Repair Cleft Lip Secondary Repair Cleft Palate Secondary Repair of Nose Soft and hard palate repair Soft palate repair Soft palate repair after vomer flap Soft palate repair with muscle dissection Soft palate repair with relieving incisions Soft palate repair with relieving incisions & muscle dissection Surgical removal of teeth Tongue flap division Tongue flap for palatal fistula Tongue tie release Veau flap</p>
<p>Microvascular anastomosis</p>	<p>Anastomosis of Artery Anastomosis of Vein Arm replantation Arm revascularisation Arterial anastomosis Arterial end to end anastomosis Hand replantation Hand revascularisation Inset of prosthetic vascular graft Inset of vein graft into arterial defect Inset of vein patch Inset vein graft Multiple digit revascularisation Multiple digits replantation Repair artery at wrist level Repair of artery Replantation of ring avulsion injury Revascularisation of Digit Revascularisation of Extremity Revascularisation of Limb Single digit replantation Single digit revascularisation Vein anastomosis Venous end to end anastomosis</p>

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
<p>Hand fracture fixation</p>	<p>Closed reduction & fixation of fracture or dislocation External fixation of fracture or dislocation Fracture fixation - Hand fracture fixation - External - Distraction device for fixation of hand fracture Fracture fixation - Hand fracture fixation - External - Dynamic external fixation of hand fracture Fracture fixation - Hand fracture fixation - External - Static external fixation of hand fracture Fracture fixation - Hand fracture fixation - Internal - Cerclage wire fixation of hand fracture Fracture fixation - Hand fracture fixation - Internal - Combinaton technique hand fracture fixation Fracture fixation - Hand fracture fixation - Internal - Kirschner wire fixation of hand fracture Fracture fixation - Hand fracture fixation - Internal - Lag screw fixation of hand fracture Fracture fixation - Hand fracture fixation - Internal - Plate fixation of hand fracture Open reduction & fixation of fracture or dislocation</p>
<p>Excisional or emergency burn surgery</p>	<p>Abdominal release Burn wound debridement & dressing - Unspecified Debridement of Burn Early tangential excision and SSG Escharotomy Escharotomy Excise burn - Unspecified Excise burn face Excise burn general 20% - 49% Excise burn general 5% - 19% Excise burn general greater than 50% Excise burn general less than 5% Excise burn hand Excision of Burn Fasciotomy for burns Open tracheostomy Percutaneous tracheostomy</p>
<p>Neurosynthesis (other than brachial plexus)</p>	<p>Cross face nerve grafting (stage 1) Cross-facial nerve graft Digital nerve neurosynthesis End-to-side Neuroneurorrhaphy Facial nerve neurosynthesis with grafts Hypoglossal nerve transfer Ipsilateral C7 nerve transfer Nerve graft Nerve repair - digital Nerve repair - mixed nerve Nerve Transfer Neurosynthesis forearm/arm Neurosynthesis in lower limb Neurosynthesis with nerve graft Neurosynthesis with nerve graft Other nerve repair technique Other nerve repair technique Primary nerve repair</p>

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
Lower limb reconstruction	Above knee amputation
	Application of vac
	Arterial end to end anastomosis
	Below knee amputation
	Debridement of lower limb wound
	Digital amputation foot
	Direct wound closure
	Distant pedicled flaps - Cross leg flap
	Fasciotomy - Lower Limb
	Fasciotomy lower leg
	Fasciotomy thigh or buttock
	Foot - Other pedicled flap to foot
	Foot - Pedicled dorsalis pedis flap
	Foot - Pedicled abductor hallucis muscle flap
	Foot - Pedicled extensor digitorum brevis muscle flap
	Foot - Pedicled medial plantar artery flap
	Forefoot/ray amputation
	Free flap to lower limb
	Hind quarter amputation or disarticulation
	Inset of prosthetic vascular graft
	Inset of vein graft into arterial defect
	Inset of vein patch
	Leg - Cross leg flap
	Leg - Other pedicled lower leg flap
	Leg - Pedicled peroneus muscle flap
	Leg - Pedicled saphenous artery flap
	Leg - Pedicled extensor muscle flap
	Leg - Pedicled fibular flap
	Leg - Pedicled flexor muscle flap
	Leg - Pedicled gastrocnemius flap
	Leg - Pedicled lateral supramalleolar skin flap
	Leg - Pedicled soleus flap
	Local flap - Distally based fasciocutaneous flap
	Local flap - Extensor digitorum brevis flap
	Local flap - Gastrocnemius flap
	Local flap - Island/propeller flap
	Local flap - Lateral calcaneal flap
	Local flap - Medial plantar flap
	Local flap - Other lower limb flap
	Local flap - Proximally based fasciocutaneous flap
	Local flap - Soleus flap
	Local flap - Sural artery flap
	Local flap - Tensor fascia lata flap
	Local flap - Tibialis anterior flap
	Lower limb soft tissue reconstruction - Unspecified
	Neurosynthesis in lower limb
	Neurosynthesis with nerve graft
	Other nerve repair technique
Secondary neurolysis in lower limb	
Skin graft - FTSG	
Skin graft - SSG	
Tendon/muscle belly repair lower leg	

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
<p>Lower limb reconstruction (cont)</p>	<p>Thigh - Other pedicled thigh flap Thigh - Pedicled gracilis flap Thigh - Pedicled vastus lateralis flap Thigh - Pedicled anterolateral thigh flap Thigh - Pedicled biceps femoris muscle flap Thigh - Pedicled TFL flap Through ankle amputation Tissue expander - Insertion of tissue expander Tissue expander - Removal tissue expander & closure Unspecified lower limb amputation Venous end to end anastomosis</p>
<p>Aesthetic</p>	<p>Abdominoplasty Adjunctive augmentation with mastopexy - Sub-glandular breast augmentation & mastopexy Adjunctive augmentation with mastopexy - Sub-pectoral breast augmentation & mastopexy Adjunctive liposuction Adjunctive liposuction with mastopexy Apronectomy Augmentation Augmentation Augmentation - Buttock implant Augmentation - Lipomodelling Augmentation genioplasty Autologous fat harvest Back reduction Bilateral adjunctive augmentation with mastopexy - Bilateral sub-glandular breast augmentation & mastopexy Bilateral adjunctive augmentation with mastopexy - Bilateral sub-pectoral breast augmentation & mastopexy Bilateral adjunctive liposuction with mastopexy Bilateral breast reduction - Unspecified Bilateral circumareolar mastopexy Bilateral dual plane breast augmentation Bilateral exchange prostheses Bilateral mastopexy - Unspecified Bilateral melon slice breast reduction Bilateral subglandular prosthesis augmentation Bilateral submuscular prosthesis augmentation Bilateral vertical scar breast reduction Bilateral vertical scar mastopexy Bilateral Wise pattern breast reduction Bilateral Wise pattern mastopexy Blepharoplasty Bone onlay Brachioplasty Breast augmentation - Unspecified Breast liposuction Browlift - Endoscopic Browlift - Open Calf augmentation Canthopexy</p>

Plastic Surgery SAC Indicative Groups

Operation group name	Op Code
Aesthetic (cont)	Canthoplasty
	Canthotomy
	Circumareolar mastopexy
	Clitoroplasty
	Combination liposuction & excision of bilateral gynaecomastia
	Combination liposuction & excision of gynaecomastia
	Correction lop ear
	Correction lop ear
	Correction of Gynaecomastia
	Correction prominent ear
	Correction prominent ears
	Dermofat graft
	Dual plane breast augmentation
	Endoscopic brow lift
	Endoscopic temporal lift
	Epicanthic fold correction
	Exchange prostheses
	Excision of bilateral gynaecomastia
	Excision of gynaecomastia
	Face liposuction
	Facelift
	Fat transfer for bilateral breast augmentation
	Fat transfer for breast augmentation
	Foot rejuvenation
	Forearm reduction
	Foreskin lengthening
	Free flap for breast augmentation*
	Free flaps for bilateral breast augmentation*
	Full abdominoplasty
	Genioplasty
	Gynaecomastia surgery - Unspecified
	Hair Transplant
	Hand rejuvenation
	Labioplasty
	Labioplasty
	Labioplasty
	Lipofilling
	Liposuction
	Liposuction for bilateral gynaecomastia
	Liposuction for gynaecomastia
	Liposuction to breast
Liposuction to breasts	
Lower lid blepharoplasty - Other	
Lower lid blepharoplasty - Subciliary lower lid blepharoplasty with fat preservation	
Lower lid blepharoplasty - Subciliary lower lid blepharoplasty with fat resection	
Lower lid blepharoplasty - Transconjunctival lower lid blepharoplasty with fat preservation	
Lower lid blepharoplasty - Transconjunctival lower lid blepharoplasty with fat resection	
Lower Limb liposuction	
Macrograft hair replacement
